

BETH RUSSELL NEEDLEPOINT

Latest Designs for 2004

FRITILLARY STOOL TOP

17 x 28 inches, 12#/inch
white mono de luxe canvas

Based on a design for a repeating fabric by
Annie Jack, one of William Morris' chief embroiderers

Although these designs are a little brighter than our usual style, the influence of William Morris is omnipresent. The *Fritillary* was designed by the wife of one of his leading furniture makers, the *Monkey* and *Butterflies* are from the fairy tale castle designed by his contemporary William Burges, and the *Panel Cushion* is - well - just typically Morris.

WILLIAM MORRIS PANEL CUSHION

16 x 16 inches, 12#/inch white mono de luxe canvas

A partner to the *William Morris Panel and Rug*

BUTTERFLIES

8½ x 6 inches,

18#/inch white interlock canvas

From *Castell Coch* (see *Monkey*)

MONKEY

6 x 6 inches,

18#/inch white interlock canvas

Adapted from one of the painted ceiling panels
at *Castell Coch* in South Wales (to complement
the *Hare & Tortoise* and *Quack Doctor* designs)

Specialists for over 20 years in needlepoint kits based on the designs of
William Morris and the Victorian Arts & Crafts Movement
